Together

We Have the Power to Build a Clean Energy Future

Every day, we at Southern California Edison are working hard for our communities, our environment, and our future. We're bringing more clean and renewable sources of energy to Southern California. We're a national leader in solar. And we're working hard to power electric vehicles. We're cutting emissions and greenhouse gases to provide cleaner air for everyone.

We are proud to sponsor the Los Angeles Economic Development Corporation **88 Cities Summit**

Empowering communities with access to technology —made easy.

Human-I-T is creating equitable access to opportunity by assisting individuals with accessing devices, low-cost internet, digital skills training, and tech support while, at the same time, empowering businesses and organizations to do good by diverting technology from landfills to protect our planet.

DEVICES

We help connect communities and individuals to donated and low-cost devices.

177K
computers distributed

INTERNET ACCESS

We provide connections to low-cost internet service providers in their local areas, no matter where they are.

86K
households assisted with internet

DIGITAL EDUCATION

We partner with community-based organizations and provide free digital literacy training in multiple languages.

3.4K
digital literacy learners

TECH SUPPORT

We provide on-demand technical support to help people get up and running again smoothly.

25K
tech support tickets resolved
